#Be NetWise

About the Project:

This Project aims to provide students to understand media literacy better and also to understand the place of the media in her/his own life

Aims:

The aim of this project is providing students better understanding of Media literacy It aims to know their digital rights and digital responsibilities as a student.

It aims to create a profile of students who knows media literacy.

This Project will provide;

to explain the basic media literacy process

to understand the meaning of digital rights and digital responsibilities

to recognize the opportunities offered by the media to the individual.

to explore opportunities such as access, follow-up, usage, evaluation, production and sharing for information.

to recognize the obstacles to access accurate and reliable information.

to create different types of media messages suitable for the purpose and target audience.

to understand how language, texts, sounds and visuals are used to persuade media messages

to develop the qualifications and skills of using ICT by the project activities
